

## INVESTIGATIVE ADDENDUM

---

Date: 7/23/15

Regarding: Addendum to Investigation report dated 6/10/15.

Submitted By: Jason Dahlberg, HR Investigator

An investigation concerning the alleged unprofessional conduct of Ballard High School teacher Nell Niewiasomski was completed on 6/10/15.

During the course of the investigation Niewiadomski was specifically asked if she had received the Guidelines for Volunteer Field Trip Chaperones form from Ballard High School teacher and lead chaperone Noam Gundle and she replied by saying, "He had me send those forms to him, Ms. Guillory, and someone in HR..." This information was noted in the investigation report.

Niewiadomski then stated, after she had reviewed the final Investigation Report, that she had no record of, and had not seen the Guidelines for Volunteer Field Trip Chaperones form. She said when she stated that Gundle had her send forms to him she was referring to driving certification forms and not the Guidelines for Volunteer Field Trip Chaperones form.

Niewiadomski stated that she was not given, nor did she sign the Guidelines for Volunteer Field Trip Chaperones form and this Addendum to the Investigation reported dated 6/10/15 reflects the same.
