This is Gigi Huang, a Clinical Supervisor at Public Defender Association Equity Just Care Program, writing on behalf of our client John Lomack who has been residing at our hotel/transitional housing program since 04/28/21. Our program provides 24/7 services with a focus on mental health and substance use counseling. John has been actively engaged with our service providers. Our program maintains a strict guideline for the safety of every resident and John has not broken any lodging agreement since moving here.

It is our belief that John will continue to show progress at a 24/7 transitional housing program and work closely with our counselors on site. We are dedicated to supporting him until he moves to permanent housing. Please feel free to contact me if there is any further question regarding John's housing stability and commitment to treatment.
